SEÁN SÁEZ FULLER

JULY 5, 1994

Full Stack Software Developer

Full-stack developer with professional experience in Java/Spring Boot, Angular, React, Next.js, Node.js and SQL databases. I build web products with a focus on UX, data, maintainable APIs and real deployments.

PROFESSIONAL EXPERIENCE

Adasa - Full Stack Developer / Java (Prat de Llobregat)

December/2024 - Present

Front-End: React, JSP, UI, UX and RUP
Back-End, data and deployment: Spring Boot, MySQL, MariaDB, PostgreSQL, JasperReports, OAuth/Gateway, GeoServer, Airflow, Docker Compose and VMs
Description: Development in an ecosystem of environmental applications connected through an authentication portal, gateway and custom domain. Work on a geospatial viewer with maps, tables, configurable GeoServer layers, Airflow DAG animated layers and multi-container deployments on servers/virtual machines.

Tranxfer - Developer JavaScript y Java (Barcelona)

September/2023 - October/2024

Back-End: Java with Spring Boot
Front-End: Angular, TypeScript and Ionic
Description: Support and development for a secure encrypted file-transfer application, improving user flows, maintenance and feature evolution.

Technip Energies - Developer JavaScript (Cornella)

June/2022 - September/2023

Back-End: Node.js, Postman and MySQL
Front-End: React, TypeScript, HTML, CSS and Tailwind
Description: Creation of internal tools to streamline company processes, documenting and presenting their usage in English and Spanish.

WebHelp - Google Cloud Platform Support (Barcelona)

2021 (February/May)

Technologies: JavaScript, PostgreSQL, Terraform, YAML and Vim
Description: Incident resolution and technical support for Google Cloud Platform services.

PERSONAL PROJECTS

Pokemon Project

Next.js, TypeScript, Prisma and PostgreSQL. Interactive Pokedex, team tooling, internal API/OpenAPI and ingestion from PokeAPI, Pokemon Showdown and Smogon. [View live project](#)

Portfolio Next.js

Next.js, Tailwind and Figma. Personal portfolio with projects, contact and Vercel deployment, designed as an entry point for recruiters and public links.

EDUCATION

IES Esteve Terrades i Illa

2016-2020 - Higher vocational degree in Cross-platform Application Development

Fundación Esplai

2020 - Web Apps in .NET environment, JavaScript, HTML/CSS, C#, SQL Server and Entity Framework Core
